

Q1 Information and Honor Code

0 Points

In this assignment, you complete the Colab1 worksheet and obtain results from it. For each question box, you need to fill in a number, and only the fully corrected answer will receive 1 point. No late day is allowed for any Colab assignment.

Please verify that you have read the above instructions and the Stanford Honor Code and that you have not given or received unpermitted aid while completing this assignment.

If you have any questions about how the Honor Code applies to Colab assignments or other parts of the course, please contact the teaching staff for clarification.

☒ I have read and understood the above information

Q2

10 Points

Now you have written a Spark application which outputs the number of words that start with each letter. Please fill in the **word counts** for words starting with the given letter listed in the following boxes. For example, if words starting with letter 'b' have a total count of 10000, we fill in the box under 'b' with 10000.
